

HIGH PRESSURE AIR CLEANING HOSE

Power Spray Hose - Korean Tech.

Since 1990
FLEXAFLEX

Structure:

- ◆ Medium quality and heavy quality Korean spray hoses for Textile Cleaning and agriculture Power spray with HTP Pumps.
- ◆ Car washing hoses -High pressure Yasung - Korea car washing hoses - A brilliant buy as other PVC and Rubber makes fail quickly due to extreme abrasion and oil/grease contamination.

Temperature range:

-40°C to + 100°C (App.)

Applications:

In case you are looking for a tough quality Heavy Duty PVC Braided hose which is flexible like rubber hose but will have all advantages of PVC and Rubber, still with better service life, this is the right product to choose. This product is superior to all textile rubber braided hoses like Air / Pneumatic / Water /Welding / Car washing.
